

It's the best kept secret

PRIVATE TATTOO/PIERCING PARTIES!

So this is probably why you haven't heard about it yet. But, it's sweeping the nation and helping a lot of people who never would have considered just walking into an unknown tattoo shop and getting their first or second tattoo or piercing. The problem is that there are many shops around that do not maintain the cleanest environments. There are many shops around that seem dark and dreary, or just downright scary.

But, not at Addicted 2 Tattoos! This shop was designed with women in mind and owned by a woman who wants women to be comfortable and feel at ease when they decide to get a tattoo or piercing. And, that's why I'm writing to you today. To introduce you, your fellow stylists and clients to the idea of planning a private tattoo party for yourselves.

It's really quite easy. All you need to do is get a few friends, clients or family members together, pick an evening to have your tattoo party and contact me to rent my clean, modern, comfortable shop for an evening. Each person puts in enough money to cover the tattoo design or piercing they want and you can get your service without interruptions. The shop will close and lock the doors for an evening so you will feel totally at ease during the process. You are welcome to bring your own drinks and food and you'll get the entire shop all to yourselves for the evening.

Typically tattoo/piercing parties are held from 5:00 p.m. to 10:00 p.m. on a Monday, Tuesday, Wednesday or Thursday night. Everyone going to the party needs to come by the shop before the party to either pick a design or have something custom designed. This way, there's no delay in getting the party underway, and everyone knows exactly how much they will need to contribute to the party to cover the cost of the tattoo/piercing services. With the doors locked for the entire time of the party, there's no walk-ins, no interruptions, and you'll feel totally comfortable with your friends and/or family there with you. You're welcome to bring your own drinks and food to share in the front part of the shop. It's a fun, safe way to get your tattoo or piercing.

We have over 100,000 tattoo designs available to suit your needs or can custom design something totally unique for you for a small drawing fee. We also can use images obtained from the Internet or in books if you bring them to us. We have internet available in our shop and use it often to research and develop one-of-a-kind designs. The owner herself is a tattoo artist with almost 10 years of experience in the tattoo business as well as a bachelor's degree in art from USF and 20 years graphic design experience. So, you can feel secure knowing you are getting the best service at a fair and reasonable price. Attached to this letter is a quick pricing chart to let you calculate the approximate cost of whatever design you'd like.

And, if you're interested in piercing, the owner's husband is available. He is very experienced and very careful and caring with each customer. He can pierce just about anything you might want and has the gentle touch and caring attitude to put you totally at ease for the process. With the cleanest and safest standards in the industry, we offer standard piercings, as well as exotic and genital piercings. We can also custom design piercings to suit more daring tastes.

If you would like to make arrangements for a private tattoo party, here are the steps:

1. Gather 5 to 10 people who all want tattoos and/or piercings.
2. Decide on an evening that fits with everyone's schedule. (We are unable to have private parties on Friday or Saturday evenings due to the high demand for our services on those evenings, but any other days are available, even Sundays!)
3. Each person comes to the shop at least 3 days before the party to pick out the tattoo design or piercing style they'd like. We will gladly discuss prices at this time so each person will know how much to prepare to spend. Currently we are only able to do cash transactions.
4. A deposit of at least \$500 is given to reserve the shop for private use. This is collected from each person depending upon what they're having done.
5. Arrive on the evening arranged and party! (Any additional payments for services are paid at this time.)
